### **DETAILED ACTION**

The following is an examiner's statement of reasons for allowance:

Claims 1-36 are allowable over the prior art of record because the prior art of record fails to teach or fairly suggest that translating the native file system request to an intermediate programming interface, wherein the intermediate programming interface is different from both the native file system protocol and a foreign file system protocol, and wherein the intermediate programming interface comprises a set of generic access functions common to the native file system protocol and the foreign file system protocol, as argued by the applicants in the response received on 11/2/04, page 12.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
